

STYLING A PHOTOSHOOT

Steps

Created by

THE MANIA

SINCE 2020

Step 1

Consultation - this step is essential to establish client's goals, concerns & requirements.

We will discuss preferable style & desired look; and also the entire styling process.

Preferably in person, however online option is available.

Location: Full flexibility.

Duration: 1h

Step 2

Vision board - creating a vision board in order to achieve a desired look/image.

This will include, proposed style, items & colour scheme.

Duration: 2h-3h

Step 3

Wardrobe list & shopping

- preparing a must-haves list and visiting shops in order to borrow the items for the shoot & return them afterwards.

Clients are also more than welcome to bring their own items from home and are allowed to have 3 wardrobe changes/looks, however this will be discussed over the initial consultation as well.

Duration: 4h-6h

Step 4

Styling - it's show time!

This is a last stage, which includes an actual styling for the photo-shoot and achieving the final look.

Duration: 2h-4h
